THE ART OF ITALIA

A play on form and texture, this season's collaboration with an Italian architect residing in Barcelona, Spain introduces Euro-modern style with an understated luxury that's fashion-forward and of the moment. Minimalist and monochromatic, a modest diversity of materials lends a look that's sleek, yet unpretentious, allowing the subtle contrast of light and dark finishes to add depth and character.

SIGHT LINES

A basic tenet of architecture and design, the use of line determines how you perceive a space and the forms within. Horizontal lines visually expand a space and suggest tranquility, while vertical lines lift the eye, add height and convey a sense of strength and stability. Mix vertical and horizontal lines to create harmony and balance.

ARCHITECTURAL PERSPECTIVE

An architectural perspective adds structure and integrity, with simple forms and a refined use of materials, like warm wood tones, shimmering metallics, and stone. Horizontal lines, stacked slabs, and cubes are beautifully balanced by shapely seating, arches, and rounded edges.
