THE BEST MOMENT OF THE DAY

Maybe you've spent hours in a successful meeting,
Or played a gruelling five-a-side football match with your friends.

Perhaps you've been on your feet all day shopping,
Or out travelling to explore wonderful new locations.

All these things require effort.
They are the exciting yet small adventures of everyday life.

The ones that give you real pleasure, purpose and a
feeling of fulfilment.

As great as they are they can also be tiring.
Now is the time to turn an exceptional or a tiring day
into a perfect one.

The moment that refreshes you to face new challenges tomorrow.

Your Hot Tub Jacuzzi®.

It's not just a matter of hydromassage technology,
we're talking about real science that produces
authentic, all-round well-being.

It's the best moment of the day.

Jacuzzi

BEST MOMENT

JACUZZI® BRAND IS AN ICON

Renowned for its performance reliability and ease of use, we set the standard by which all hot tubs are measured. While imitation may be the sincerest form of flattery, only 65 years of innovation can produce hot tub designs made to the demanding standards of the Jacuzzi® Brand.

Hot Tubs

Saunas

Commercial

Jacuzzi® Brand products are manufactured in 5 countries, enjoyed in more than 100 countries worldwide, and employ thousands of people around the world. Representing decades of innovation, design, performance and ease of use, the Jacuzzi® Brand is trusted by millions of customers globally.

BRAND STORY

When the seven Jacuzzi brothers emigrated from Italy to the United States, they had no idea that a pump they designed for orchards would revolutionise hydrotherapy in the home. And while the family's critical need to change the life of a child triggered this therapeutic invention, a desire for wellness pioneered an industry.

Jacuzzi® create and market the world's first integrated whirlpool bath, the 'Roman'

PERFORMANCE

Jacuzzi® premium products support the needs of high endurance athletes and teams who are committed to maintaining and improving their quality of life, both during and beyond their active careers through the power of hydrotherapy. Whether you're a professional athlete or a weekend warrior, Jacuzzi® products increase your ability to recover, relax and perform, harnessing water's natural ability to heal the mind, body and soul.

The Jacuzzi® Brand proudly partners with endurance athletes and professional teams around the world.

JACUZZI® HOT TUB

#JacuzziPerformance

THERE'S A
JACUZZI®
HOT TUB
FOR EVERY
KIND OF SPACE.

Whether your outdoor or indoor space is generous, compact or somewhere in between, there's a Jacuzzi® hot tub to fit. From a lawn fringed patio to a terrace, you can be sure that our ingeniously designed and easy to install range will be right at home. With no need for outdoor plumbing, your hot tub can be conveniently installed into an area that best suits the way you live.

HYDROMASSAGE

Hydromassage research supports the benefits of hydrotherapy for stress, lower back pain, sleeplessness, post exercise recovery, leg cramps, arthritis and fibromyalgia.

POWERPRO® JETS COLLECTION KEY

HYDROMASSAGE

EXCLUSIVE POWERPRO® JET SYSTEM

Utilising Jacuzzi® Aqualibrium®, the combination of versatile PowerPro® Jets, and our ergonomically designed seats, our products deliver an adjustable high-flow, low-pressure hydromassage that feels like no other.

AQUALIBRIUM®

The perfect mix of air and water.

THE FX therapy seat

The full coverage neck and back seat not only delivers deep, adjustable pressure to relieve chronic aches and pains. The FX-12 seat also targets muscle tension in your calves and feet for a full-body experience.

THE RX therapy seat

The RX rotating nozzle in the therapeutic seat offers back and neck support for the perfect hydromassage.

THE MX therapy seat

Recognised as our original Jacuzzi® Jet, the MX Jet seat delivers a concentrated massage especially effective for larger muscles in the lower back.

THE PROAIR™ LOUNGE

The perfect combination of two types of PowerPro® Jets, this muscle knot release lounge seat stimulates surrounding tissue. The upper back rotating massage of the FX Rotational Jets eases the tension of the muscles along your neck and shoulders while the rifling action targets the smaller muscle groups of your legs and lower back.

Some of the smallest daily rituals that you enjoy, can be more beneficial than you realize. Following a regular hydromassage routine, can improve your overall well-being by reducing stress and lower back pain, improving sleep and post exercise recovery, and alleviating restless leg syndrome, cramps, arthritis and fibromyalgia. And it's just as easy to build into your daily routine, as taking time out to enjoy a cup of coffee!

ANTHROPOMETRIC DIMENSIONS

By studying the anthropometric dimensions of the 5th percentile of females and 95th percentile of males, we can design hot tubs based on the average dimensions of 90% of the population to deliver a personalized massage.

MUSCLE STRUCTURE
JET CONFIGURATION

ERGONOMIC SEATING

Seats designed to follow the contours of the body and recessed jets placed to perfectly match the muscle structure of the human form deliver a comfortable, premium hydromassage experience for most body types.

COMPLETE BALANCE

Using the Aqualibrium® Formula, each jet is individually calibrated to deliver the perfect balance of air and water, then precisely paired with the exact pump-to-jet ratio needed to ensure a balanced experience in each and every seat.

POWERPRO® JETS*

POWERPRO® JETS COLLECTION KEY

BODY COVERAGE:	
Cervical (Neck)	NX2
Dorsal (Back)	FX-R, FX, MX2, RX
Lumbar (Back)	FX-LR, MX2, FX-L
Hips	FX-D
Palms/Wrists	PX
Legs	FX, FX-R, PX, BX
Feet	MX2, FX-S, FX-LR, FX-R

FX-S PowerPro®
FX Small

Based on FX technology, the FX Smallets are perfect for a focused massage on key pressure points such as your feet.

FX PowerPro®
FX

The unique rifling action creates a rejuvenating, spiral stream of air and water, perfect for stimulating muscle groups.

FX-R PowerPro®
FX Rotational

Focusing on smaller muscle groups with a kneading effect, the FX Rotational Jet stimulates surrounding tissue.

NX2 PowerPro®
NX2

This directional jet effectively relieves tension and strain in the sensitive and hard-to reach neck area through a highly focused stream of water.

More jets do not necessarily equal a better hydromassage, but the right jets do. From the perfect mix of air and water to the careful placement of each exclusive PowerPro® jet, we deliver the optimal massage. And that is why the Jacuzzi® brand is recognised by consumers as the industry leader.

FX-LR PowerPro® FX Large Rotational

With a wide swath that provides an exceptional massage for large muscles, the rotational action can help overworked, overstressed muscles and joints.

MX2 PowerPro® MX2

Based on the form and function of the original Jacuzzi® Jet, the new generation jets deliver maximum volume at a higher air-to-water ratio to deliver a bold massage to the muscles in the lower back.

RX PowerPro® RX

The spinning RX Jet delivers comforting relief to the back and shoulders utilizing the highest performance hydromassage the Jacuzzi® Brand offers.

FX-D PowerPro® FX Directional

Designed to relieve tension and improve circulation, this spiral action directional jet delivers a bold, targeted massage to the hips.

BX PowerPro® BX

Exclusive to the J-300™ collection, the comforting yet rejuvenating bubbling effect massages the calves.

FX-L PowerPro® FX Large

Focusing on the middle of the back to relieve tension and muscle strain, the spiral action massage promotes better circulation.

PX PowerPro® PX

Perfect for small muscle groups in the wrists, hands and legs, the gentle pulsating massage can be adjusted for different rates of flow.

PowerPro® Jets are available in select models in the J-500™, J-400™, J-300™, Design and Professional collections and in the hydromassage seats of the Swim Spas. Sizes shown are approximate.

CLEAN WATER

The Jacuzzi® hot tub water treatment solution uses UV-C technology, that gives you the choice to add the right dose of chlorine or bromine to meet your needs. Regardless of whether you choose, the system will combine ozone with UV-C technology to offer the most powerful clean water system available.

UV-C SYSTEM

- Nature-inspired technology neutralizes pathogens
- Works with traditional chlorine or bromine sanitizer
- Same technology used in bottled drinking water, aquariums, and healthcare

OUR HANDS-FREE APPROACH TO WATER CARE

Ozone
+ UV-C

Active Oxygen

CLEARRAY ACTIVE OXYGEN™

Clearray Active Oxygen™ is a new water treatment technology that combines the action of ozone with UV-C rays to increase the disinfection of your hot tub water and reduce the use of chemicals.

A small amount of ozone is introduced into the hot tub water. The ozonated water is treated by the UV-C rays, which triggers a natural reaction. The water with active oxygen destroys most of the pathogens in the water in a very natural way. The clean, clear water is then pumped back into the hot tub where it continues to clean and polish the water, breaking down the contaminants so it can be easily removed through the filters.

5-STAGE FILTRATION PROCESS*

STAGES 1&2

The surface skimming weir and ProCatch™ bag work together to clean the surface while trapping large debris for easy removal.

STAGE 3

The ProClarity® filter on the ProStream™ circulation pump helps ensure clean, sparkling water quickly by catching tiny debris and particles that other filters miss.

STAGE 4

The ProStream™ circulation pumps pulls the water through a ProClear® filter that works to clarify water even when the jets are not running.

STAGE 5

The ProClear® filter operates with your hot tub's hydromassage pump to remove large and small particles providing the cleanest water.

All Jacuzzi® hot tub collection models use special water treatments and multi-stage filtration to ensure your hot tub water is disinfected.

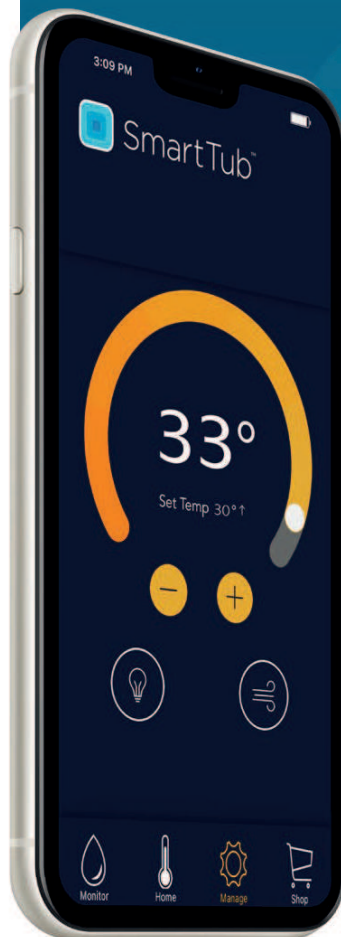

* Stages of filtration vary by collection

CLEARRAY
ACTIVE OXYGEN™

DESIGN MADE IN ITALY

- Elegant, minimalist and sophisticated, these hot tubs are designed to suit any environment. Each model is available with external panels in a variety of materials and colours in line with contemporary design trends.
- These hot tubs give the greatest possible freedom of installation: outdoors or indoors, above or in-ground, in any environment or situation.

ORIGINAL JACUZZI® HOT TUBS WITH INFINITY EFFECT

The Virtus and Profile models offer a spectacular infinity pool effect. On immersion, any excess water is collected in the integrated adjustment tanks via the outside grille and then returned to the tub, in order to maintain the ideal level at all times, just like a pool, with no need for top ups.

CARTRIDGE OR SAND FILTER

The Profile, Santorini, Delos, Delfi and Unique models are equipped with a cartridge filter but are also compatible with the Performance Kit sand filter that guarantees greater filtering efficiency and reduced maintenance. Virtus is the only free-standing hot tub model with integrated sand filter.

Profile

design
Jacuzzi® Design

An infinity swimming pool effect with automatic water levelling technology, which refills the hot tub when water is lost through use and evaporation, a truly unique and beautiful design.

NB. Water and drainage connection required.
